

Splitter cable with 1 x 3.5 mm male and 2 x 3.5 mm female jacks

SKU: ECADJACK1MIC1AUK

Connect headset and microphone with one versatile and durable splitter cable - perfect for calls and music!

Simple and versatile connection

The **3.5mm jack splitter cable** allows you to simultaneously connect your headset and microphone to your PC or laptop. Thanks to the dual female output (1 for audio and 1 for microphone), you can use your devices without the need for additional adapters, making your calls and gaming or music listening sessions much more convenient.

Universal compatibility

This splitter cable is designed to work with most devices that use 3.5 mm jack inputs, such as **PCs, laptops, joysticks and consoles**. Your favourite headphones will be ready to use with no hassle, thanks to the simple plug-and-play configuration.

High-quality sound

Designed to ensure clear and interference-free audio transmission, the splitter cable offers **excellent sound quality**. Whether you are listening to music or participating in a video call, you can count on an optimal sound experience without distortion or signal loss.

Compact and durable design

With a length of **22 cm**, the cable is long enough for comfortable use, yet compact enough to avoid tangles or clutter. The PVC coating makes it resistant to everyday wear and tear, ensuring a long service life even when used frequently.

What characterises it:

- 3.5mm male jack cable
- Two female jack cables, 1 audio and 1 microphone
- Perfect for PCs, laptops, consoles, joysticks
- Length: 22cm
- PVC jacket
- High quality sound
