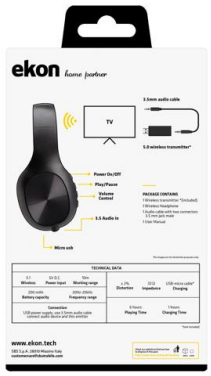
Wireless TV headphones

SKU: ECAHEADTVBTK



Ideal headphones for listening to music and films from devices such as TVs, laptops or MP3 players either wirelessly or via a jack cable

SUITABLE FOR VARIOUS DEVICES

These **headphones** are designed for **wirelessly** listening to music and films from **TVs, laptops and PCs**. Insert the **included USB Transmitter** into your TV's 5A socket to enable the headphones to pair automatically within moments. When connecting them to your laptop or PC, simply pair them through the wireless settings. Use the **built-in buttons** for volume control, to change tracks and to play/ pause.

With a **wireless range of 10 metres**, you can listen to your favourite music even from a distance.

MORE THAN JUST WIRELESS

Using the **included 1.2m long cable**, you can easily connect these headphone to devices with a **3.5mm** jack*, including **MP3 players, speakers and smartphones**. This way, you can even use them when they're low on battery power.

FOLDING AND RECHARGEABLE

Their unique design allows these headphones to be folded in on themselves for convenient **carrying in your handbag or backpack.**

Once their battery is flat, **you can charge them through a Micro-USB cable**.

*Built-in buttons do not work when headphones are connected via cable
