Indoor TV antenna with 2-band reception

SKU: ECTVANTLONG

Watch TV anywhere, even if you don't have a satellite dish

Perfect for your motorhome or flat

This **TV antenna** transmits the signal to your TV set, allowing you to watch your favourite programmes **even without a satellite dish**. No need to install it on a balcony or roof, **it can be conveniently placed inside**your motorhome or house. Measuring only 30 centimetres, it can be placed **on a piece of furniture,** thanks to the**stand provided**, or it can be **fastened to the wall**, using the openings on the back.

Easy to power and with amplifier

Power it using the charger provided or by plugging a **Micro-USB cable** into a wall charger or **into a socket on your TV**. Next, connect the antenna cable to the amplifier and the amplifier cable to the TV set. The audio-visual signal will be transmitted instantly. The **amplifier provided has 3 modes**: Off, Standard and Turbo. Turbo mode amplifies the signal when you are in locations where reception is poorer.

Does not interfere with the Internet

The Internet signal transmission of your smartphone or Wi-Fi will never be disturbed.
