Universal wireless mouse with 4 buttons

SKU: ECITMOUSEBTP

The wireless mouse that adapts to your every need

WIRELESS

This **wireless mouse** is compatible with most PCs and laptops with a USB port. As it is wireless, there are no inconvenient tangles or space limitations.

No installation required: simply plug the **USB receiver** into the dedicated port on your notebook or PC. The **2.4GHz wireless connection** allows for stable transmission while the **operating range of up to 10 meters** will help you to scroll through slides and images even from a distance.

BUTTONS

In addition to the **two classic buttons** for clicking on content and the **wheel** for scrolling through pages, you'll find an additional **button for adjusting the speed of cursor movement**. This DPI button is located behind the scroll wheel and can be set to **3 levels.** This way, you can choose your preferred speed with a simple click and adapt it to the rhythm of your days at work or at home.

And when you want to turn the mouse off, simply press the **power on/off button** on the back.

COMPACT AND COMFORTABLE

Comfortable to use thanks to its ergonomic shape.The **compact size** makes it easy to store in a laptop bag. **The USB receiver can also be plugged directly into the mouse** when not in use.
