DVI-D male to VGA female adapter

SKU: ECVADVIVGACABLEK

Connect your PC or laptop to monitors and projectors quickly and easily!

Versatile connection between devices
The **DVI-D to VGA adapter** is the ideal solution for connecting your PC or laptop with DVI-D output to monitors, projectors or TVs equipped with VGA input. Thanks to the DVI-D male and VGA female connector, you can easily transmit the video signal from your devices to older screens and projectors, ensuring compatibility and transmission quality.

Universal compatibility
The adapter is compatible with a wide range of devices, making it ideal for connecting your **PC/laptop with DVI-D output to monitors, TVs and projectors with VGA input**. It requires no external power supply or additional drivers - just plug it in and you're ready to go.

Compact and robust design
With a **length of 12 cm**, this adapter is perfect for convenient, clutter-free installation. Its compact design facilitates transportation and makes it perfect for use in the office, at home or on the road. The **PVC coating** provides extra protection against bending and wear, prolonging the life of the adapter.

Quality and reliability
Made of durable, high-quality materials, this adapter ensures **stable and reliable signal transmission** without interference or loss of quality. It is perfect for business presentations, home offices, or anyone who needs to connect devices with different outputs quickly and without complications.

What characterises it:

- 1 DVI-D male connector
- 1 VGA female connector
- Ideal for connecting PCs/laptops to projectors or monitors/TVs
- 12cm long
- PVC coated
